Just-in-time top performer
BAA / ARRA

Provides maximum efficiency
High-efficiency half-cut cells combined with a black conductive back-sheet resulting in a maximum power rating of 330Wp.

35+ Years of solar innovation
Leveraging over 35+ years of worldwide experience in the solar industry, Silfab is dedicated to superior manufacturing processes and innovations such as Bifacial and Back Contact technologies to ensure our partners have the latest in solar innovation.

BAA / ARRA compliant
Silfab panels are designed and manufactured to meet Buy American Act Compliance. The US State Department, US Military and FAA have all utilized Silfab panels in their solar installations.

Light and durable
Engineered to accommodate high wind load conditions for test loads validated up to 4000Pa uplift. The light-weight frame is exclusively designed for wide-ranging racking compatibility and durability.

Quality matters
Total automation ensures strict quality controls during the entire manufacturing process at our ISO certified facilities.

Industry leading warranty
All our products include an industry leading 25-year product workmanship and 30-year performance warranty.

Maximum energy output
Silfab BC Series utilizes next generation Back Contact technology to reduce production/manufacturing steps and improve quality while maximizing power. Ideal for residential and commercial projects where maximum power density is preferred.

North American quality
Silfab is the leading automated solar module manufacturer in North America. Utilizing premium quality materials and strict quality control management to deliver the highest efficiency, premium quality PV modules 100% made in North America.

Domestic production
Silfab Solar manufactures PV modules in two automated locations within North America. Our 500+ North American team is ready to help our partners win the hearts and minds of customers, providing customer service and product delivery that is direct, efficient and local.

Superior power
Super power achieved through relocation of tabbing ribbon to reduce shading on module front service and circuit resistance.

Aesthetically pleasing
Sleek aesthetics from black cells to black back-sheet without tabbing or bus-bar ribbons, ideal for residential applications.

Stable performance
Enhanced life-time performance through reduced thermal stresses and increased current flow paths.

PID resistant
PID Resistant due to advanced cell technology and material selection, in accordance to IEC 62804-1.

Industria leading warranty
All our products include an industry leading 25-year product workmanship and 30-year performance warranty.

Measurement conditions: STC 1000 W/m² • AM 1.5 • Temperature 25 °C • NOCT 800 W/m² • AM 1.5 • Measurement uncertainty ± 3% • Sun simulator calibration reference modules from Fraunhofer Institute. Electrical characteristics may vary by ±5% and power by 0 to +10W.

## Temperature Ratings

| Temperature Coefficient Isc | +0.046 %/°C |
| Temperature Coefficient Voc | -0.279 %/°C |
| Temperature Coefficient Pmax | -0.377 %/°C |
| NOCT (± 2°C) | 43.5 °C |

Operating temperature | -40/+85 °C |

## Mechanical Properties and Components

### Module weight
- Metric: 18.2 kg
- Imperial: 40.1±0.4 lbs

### Dimensions (H x L x D)
- Metric: 1700 mm x 1000 mm x 38 mm
- Imperial: 66.9 x 39.4 x 1.5 in

### Maximum surface load (wind/snow)*
- Metric: 4000 Pa rear load / 5400 Pa front load
- Imperial: 83.5/112.8 lb/ft²

### Cables and connectors
- (refer to installation manual)
- Positive (1000 mm), Negative (1500 mm), ø 5.7 mm, MC4 from Staubli
- Positive (39.4 in), Negative (59 in), ø0.22 in (12AWG), MC4 from Staubli

### Backsheet
- Multilayer, integrated insulation film and electrically conductive backsheet, superior hydrolysis and UV resistance, fluoroine-free PV backsheet

### Frame
- Anodized Aluminum (Black)

### Bypass diodes
- 3 diodes-30SQ045T (45V max DC blocking voltage, 30A max forward rectified current)

### Warranties
- Module product workmanship warranty: 25 years**
- Linear power performance guarantee: 30 years
  - ≥ 97.1% end 1st year
  - ≥ 91.6% end 12th year
  - ≥ 85.1% end 25th year
  - ≥ 82.6% end 30th year

### Certifications
- UL Ord C1703, UL1703, CEC listed, UL 61215-1/-1-1/-2, UL 61730-1/-2, IEC 61215-1/-1-1/-2***. IEC 61730-1/-2***, CSA C22.2#61730-1/-2***, IEC 62716 Ammonia Corrosion; IEC61701:2011 Salt Mist Corrosion Certified, UL Fire Rating: Type 2
- ISO9001:2015

---

*Warning. Read the Safety and Installation Manual for mounting specifications and before handling, installing and operating modules.

**12 year extendable to 25 years subject to registration and conditions outlined under “Warranty” at www.silfabsolar.com.

***Certification in progress. August 2020 expected completion date for IEC 61730/61215 and CSA C22.2#61730-1/-2.
